SUMMARY

MCA graduate with hands-on experience in Python, SQL, Git, and cybersecurity. Leverages academic projects to build cloud infrastructure, Linux, containerization, and CI/CD automation skills in collaborative environments.

EDUCATION

JAWAHARLAL NEHRU NATIONAL COLLEGE OF ENGINEERING, SHIMOGA Jan 2024 - Jan 2025

Master of Computer Application CGPA-8.5/10

EDURITE COLLEGE OF MANAGEMENT, SHIMOGA Jan 2020 - Jan 2023

Bachelor of Computer Application Percentage-70/100

EXPERIENCE

DATAMITES INSTITUTE Feb 2026 - Present

Data Scientist Intern

- Worked on data science and machine-learning tasks using Python.
- Analyzed and manipulated data using Pandas and NumPy.
- Performed querying and working with structured data using SQL.

CYBERSENA (R&D;) INDIA PRIVATE LIMITED (CIPL) Nov 2024 - Jan 2025

Cyber Security and Penetration Testing Intern

- Conducted cybersecurity and penetration-testing activities within a R&D environment.
- Applied security-focused technical problem-solving and analysis to identify vulnerabilities.

PROJECTS

DRIVER DROWSINESS DETECTION SYSTEM

Python,Flask

Developed a real-time application using Python, OpenCV, Dlib and Flask with webcam input. Implemented EAR and MAR based analysis to identify prolonged eye closure and frequent yawning. Achieved approximately 92% accuracy and generated timely visual/audio alerts.

BULLYING DETECTION SYSTEM

Python

Detected bullying or harassment in online text by developing a Python-based system. Stored offensive comments as evidence and supported monitoring and flagging of inappropriate content. Applied machine-learning based text classification concepts to a practical problem.

SKILLS

Python Java SQL Shell/Bash fundamentals AWS fundamentals (EC2 S3 IAM VPC CloudWatch)
Cloud Computing fundamentals Git GitHub CI/CD concepts Docker fundamentals Jenkins fundamentals
GitHub Actions fundamentals Infrastructure as Code (IaC) concepts Terraform fundamentals Linux fundamentals Docker
Kubernetes fundamentals HTML CSS Flask MySQL MongoDB Pandas NumPy Cyber Security Penetration Testing
